Butterfly Compact 10 (Full Size With Compact Storage) Outdoor

 Butterfly

Table surface available in:  Blue  Green

If you are very restricted for storage space and have to buy a table that takes up the least space when folded for storage, then this is the narrowest. The table arrives pre-assembled, you just clip on the net. The bounce is reasonable and the frame is quite strong. The downsides are that it is not as easy to manoeuvre as other tables (especially over rough or uneven ground), and you don't get the play-back option. It's well worth watching the youtube video that shows you exactly how it folds and unfolds.

Table size: 274cm (l) x 152.5cm (w) x 76cm (h) (9' x 5' x 2'6")  
Minimum play area: 5.1m (l) x 3.3m (w) (17' x 11'), guideline only  
Storage size: 143cm (l) x 153cm (w) x 8cm deep (stored are two separate halves)  
Weight: 71kg / Packaged weight: 79kg

5 year guarantee on table only

Package Includes:
