

Butterfly Park Polymer Concrete Outdoor Table

Table surface available in:

 Blue  Green  Granite Green

Please note: Our Star Ratings for concrete tables are based on direct comparisons with other concrete models and bear no relation to ratings given to 'normal' tables! This table has a 45mm thick steel clad, reinforced polymer concrete surface & a polymer concrete base with anchor points that allow you to secure it to the ground. It's supplied with a sturdy 8mm thick aluminium net. This model's only available with square corners. Butterfly recommend it for public play areas and schools.

Table size: 275cm (l) x 153cm (w) x 77cm (h) (9' x 5' x 2'6")
Minimum play area: 5.1m (l) x 3.3m (w) (17' x 11'), guideline only
Weight: 560kg

5 year guarantee on table only
