

# Centrefold 25 Indoor

Butterfly Table Tennis Table

The Butterfly Centrefold is a high level ITTF approved competition table boasts a 25mm playing surface with an anti-skid finish. Once you've removed the net and post set the table folds away quickly in one motion as both halves fold in unison (although this means you lose the playback position offered by most other models). It's very narrow when stored which makes it popular in clubs where multiple tables are required but storage space is at a premium. Please note that the net and post set is not supplied with this table and needs to be purchased separately.

Assembly: Ready assembled
