

Gallant Knight Academy 19 Indoor

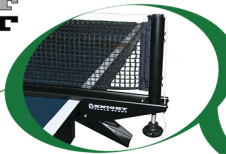

Table surface available in:

This is a very strong, hard-wearing two-piece table. The net and post set is high quality and the bounce is excellent. This is one of only two tables in our entire range (from all our different manufacturers) that allows you to level it from both the legs and the wheels. The frame has been finished with hammered paint to offer better scratch resistance and the corners have protectors for added safety. It folds quickly and neatly and is just 60cm deep when stored, plus the bats and balls supplied are good quality.
