

Kettler Classic 10 Indoor Table

Grey playing surface with blue lines

Table surface available in:

 Grey with Yellow lines

The Kettler Classic 10 is their flagship model. Its 22mm top provides excellent play quality with a great bounce. The folding system is Kettler's best yet; there's just one catch per half and it takes literally 5 seconds to raise or lower each top. It has a neat and compact folding system and is slightly narrower than some brands making it easier to manoeuvre (especially through doorways etc). The wheels are slightly rubberised which makes it run smoothly on all surfaces. There are also lots of gadgets too...a large ball dispenser under each table top, safety corners, leg levellers and a clever elasticated storage system by the net post (for bats, water bottles etc).

Table size: 275cm (l) x 153cm (w) x 76cm (h) (9' x 5' x 2'6")
 Minimum play area: 5.1m (l) x 3.3m (w) (17' x 11'), guideline only
 Storage size: 165cm high x 183cm wide x 68cm deep
 Weight: 102.5kg / Packaged weight: 109kg

3 year guarantee on top and undercarriage
