The Kettler Outdoor 4 benefits from Kettler's trademark 22mm playing surface, comprised of a wood board that has been completely encased in Aluminium. This provides an excellent bounce, a strong surface and great weatherproofing. It also has an anti-dazzle finish which reduces shine on the table on sunny days. The Outdoor 4 has good quality wheels (two with brakes) which all steer, corner protectors, a ball dispenser at each end and a unique elasticated storage area below each net post.
