Kettler Stockholm GT Outdoor Table

FREE Accessories:
Worth over £60

Table surface available in:  Blue

This table has a 22mm top (comprising of a wood board encased in Aluminium) that provides an excellent bounce as well as good weatherproofing and an anti-dazzle finish. It has a strong frame, good quality wheels (with brakes) and a net that stays on the table (with height and tension adjustment). It can be quickly folded and unfolded by one person and boasts a bat and ball holder. It's stronger than the Axos 1 and Axos 3. The metal frame is almost twice as thick, plus there's an extra support bar that goes horizontally between the legs (much like the Outdoor 4). It's also the first table in the Kettler range to offer leg levelers.
