## How to set up your T3 Tournament Table

- 1) Release wheel locks if secured by lifting lever. Wheel each half into playing area. Following the instructions detailed on the back of each table, start by releasing the yellow table locks via the ring pulls.

- 2) Using both hands, pull the red cords upward simultaneously to release both yellow locks.

Pull the table top down **gently** until the legs meet the ground.

Lock wheels once in place.

- 3) Repeat with other half. Pushing the two halves together so the dowels and magnetic dots meet.

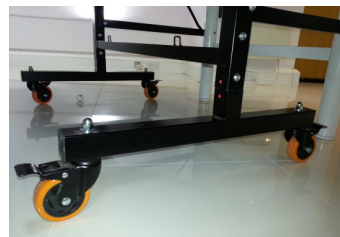

- 4) Lock wheels in place by pressing down on lever.

- 5) **Net** – Slide each half of the net into place once again until dowels and magnetic dots meet

### If Table Wheels have been removed

- If the table wheels have been removed from the table in transit, make sure that when they are reattached to the table top they are **the right way round**.
- Match up the **red dots or arrows or paint marks** on the leg to the wheel arm

## How to put away your T3 Tournament Table

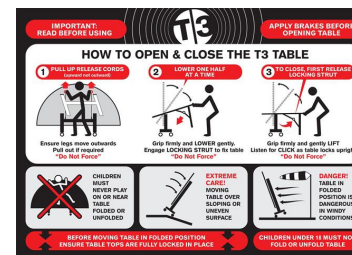

- 1) Remove net one half at a time by sliding off.
- 2) Separate table halves. Lift up table top on one side until vertical and 2 x yellow locks click into locked position. Remove wheels locks and wheel away.
- 3) Repeat with other half.
- 4) Store net carefully in safe place. Avoid bashing, dropping or place/leaning sharp items against your net.

## How to set up Playback Position

- 1) Remove both halves of the net.
- 2) Separate table halves. Lift up one half of table until vertical and 2 x yellow locks click into locked position.
- 3) **GENTLY** wheel vertical table half against open half of table. When in place lock wheels in position.

Safety Instructions are clearly featured on the back of the table
